Early Pregnancy Anomaly Scan: 
How to detect fetal abnormalities at 11-13 weeks of pregnancy

Saturday 19th October 2013

Fetal Medicine Unit
University College London Hospital

A one day multimedia training course about early detection of fetal abnormalities at 11-13 weeks of pregnancy

Course Directors
Dr Fred Ushakov, Specialist Doctor in Ultrasound and Fetal Medicine, UCLH
Mr Pranav Pandya, Director of Fetal Medicine, UCLH

Background

Many fetal anomalies normally detected at 18-21 weeks can now be diagnosed at 11-13 weeks of pregnancy, at the time of the routine first trimester scan. This new course will familiarise doctors and sonographers with novel advances in first-trimester sonography, and especially the emerging role of 3D ultrasound. Delegates will learn what can be achieved today in the early diagnosis of fetal anomalies.
Who can attend the course:

The course will be of interest to anyone involved in obstetric ultrasound: fetal medicine specialists, obstetricians, trainees, sonographers, midwives and students.

The course will cover:

- Technique of early pregnancy anomaly scan
- Management of increased nuchal translucency
- Non invasive prenatal test (NIPT)
- 3D/4D ultrasound at 11-13 weeks
- Neurosonography at 11-13 weeks – state-of-the-art
- Early diagnosis of spina bifida
- Technique of early fetal echocardiography
- Congenital heart defects at 11-13 weeks
- Face at 11-13 weeks
- Comprehensive review of common and rare anomalies detectable at 11-13 weeks
- Challenges and limitations of the 11-13 weeks scan

The course will also include case-based clinical discussions

If you are interested in further information about Early Pregnancy Anomaly Scan

Please visit the website [www.ultrasoundlink.net](http://www.ultrasoundlink.net). This educational portal represents a free library of high quality training ultrasound videos. The website is devoted to early detection of fetal anomalies.
How to join the course

Places are limited and are confirmed on receipt of payment by cheque

Online payment: Please view our online payment page on the UCLH Online Courses website here: [http://www.uclcharitycourses.com/](http://www.uclcharitycourses.com/)

Payment by cheque: Fill out the form below and send it, together with a cheque for £140 made out to Trustees of UCLH Charity Fund 0743 to: Geraldine Marks, Institute for Women's Health, University College London, G35, Medical School Building, 74 Huntley Street, London, WC1E 6AU
Tel: 020 3108 2032 Fax: 020 3108 2037

Questions: Email ifwh-uclhcourses@ucl.ac.uk

Register here- I would like to attend the Institute for Women’s Health Early Pregnancy Anomaly Scan course at University College London Hospital on Saturday 19th October 2013

BLOCK CAPITALS PLEASE AND COMPLETE ALL SECTIONS

Title: Dr/Mr/Mrs/Miss/Ms delete as appropriate
Last name: .................................................................
First name: ..............................................................
Job Title: .................................................................
Hospital: .....................................................................
Address for correspondence: ..........................................................
Postcode: ..................................................................
Daytime tel. no: ..........................................................Ext:........
Email: ........................................................................
Special Dietary Requirements: ..................................................

The course fee is £140.
The fee includes lunch and refreshments.

IF PAYING BY CHEQUE, PAYMENT MUST BE SUBMITTED WITH THIS APPLICATION FORM TO SECURE A PLACE ON THE COURSE.
ONCE PAYMENT IS CONFIRMED, REFUNDS WILL ONLY BE PERMITTED IF NOTIFIED BY FRIDAY 20th SEPTEMBER 2013.

Payment by Cheque ☐
You will be sent an email receipt once payment is received.

The venue
The venue is the UCH Education Centre. It is located opposite to the main building of University College London Hospital, within a short walk of London's mainline Euston railway station, plus the following tube stations: Warren Street and Euston Square. The Centre is served by frequent bus services.

Bus services
Local bus services that stop near the Centre are: 10, 73, 24, 29, 134 (Tottenham Court Rd); 10, 24, 29, 73, 134 (Gower St); 18, 27, 30, 88 (Euston Rd).

Tube and Rail services
Warren Street (Northern & Victoria Lines), Euston Square (Circle, Hammersmith & City and Metropolitan lines), Euston (national and suburban rail, Victoria and Northern lines).

Arriving by road
Parking is very limited near to the Centre, so we do not recommend driving to the Centre if possible. There are a small number of pay and display bays near to the Centre.

On site car parking
Not available
